

Poster Printing

- Save poster in PDF, you will hand in the PDF file as well as the hard copy. Do not forget to hand in you process materials.
- Reserve the printer and print during the allotted time.
- Set the right handle to Released
- Make sure you have a way of accessing the paper roll (class discuss arrangements)
- Load the roll on the roll holder
- Hand feed the paper in and align the sheet at the bottom with the white line
- Set the right handle to Secured
- Tighten the roll
- Press the button that has Trash underneath it. The paper adjusts itself.
- Make sure the printer is set to Auto cut off
- And you are ready to print!
